Description

Casas de Santo Amaro - Serenity and Sophistication in the Heart of Lisbon

In the vibrant Alcântara neighborhood, one of the most promising in Lisbon, the exclusive Casas de Santo Amaro development is born - a perfect meeting between riverside life and contemporary architecture.

Consisting of just five five-bedroom villas, this project redefines the concept of family luxury, offering generous areas of between 353 m² and 410 m², amply bathed in natural light and with unique views over the majestic Tagus River.

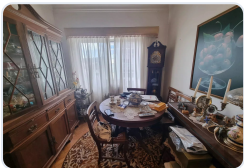

Each villa has been designed to provide maximum comfort and privacy. The gardens and balconies invite you to relax, while the Tagus breeze completes the sensory experience. Some units also have a private elevator, ensuring convenience on all four floors.

On the first floor, a cozy atrium gives access to the modern kitchen, guest bathroom and living room that opens onto the garden, creating perfect harmony between interior and exterior. The second floor offers an elegant suite, two bedrooms and a full bathroom, while the second floor, set back, is dedicated to the master suite, an office with access to a terrace with stunning views of the Tagus River - ideal for starry nights. In the basement, there is parking for three cars, support areas and storage.

Casas de Santo Amaro represent a new way of living in Lisbon: comfort, privacy and elegance all in one place. With gardens, terraces and private parking, they combine the best of urban life with the tranquillity of an exclusive refuge.
